The Spiritual Path in Daily Life: Exploring *The Mahatma Letters*

Where: Springbrook Centre, Queensland

The general focus of this study is on the teaching presented in *The Mahatma Letters to A. P. Sinnett* and the two books, *Letters from the Masters of the Wisdom Series I and II* (edited by Jinarajadasa) that deal with the requirements for leading a spiritual life. The study begins by defining the two concepts “chelaship” or discipleship and “probation”.

Several relevant letters will be examined. The basic question which will be asked throughout the study is: To what extent are the ideas and ideals presented relevant to our lives today?
